Report

No.: 1412-S-53671
Date of arrival: 09-12-2014
Date of report: 10-12-2014

| | | |
|---|------------|------------|
| Patient identification: Dog | Female | * 21.05.13 |
| Owner / Animal-ID: Miniature pinscher Yatzy | | |
| Type of sample: Wedde, Fanny | | |
| Date sample was taken: Serum | | |
| | 04-12-2014 | |

| <u>food allergens</u> | <u>(IgE)</u> | <u>(IgG)</u> |
|-----------------------|------------------|------------------|
| beef | reaction class 0 | reaction class 1 |
| pork | reaction class 0 | reaction class 1 |
| lamb | reaction class 0 | reaction class 1 |
| duck | reaction class 0 | reaction class 1 |
| chicken | reaction class 0 | reaction class 0 |
| turkey | reaction class 2 | reaction class 0 |
| rabbit | reaction class 0 | reaction class 0 |
| deer | reaction class 0 | reaction class 0 |
| wheat | reaction class 0 | reaction class 0 |
| soya | reaction class 1 | reaction class 0 |
| barley | reaction class 1 | reaction class 0 |
| rice | reaction class 1 | reaction class 0 |
| potatoe | reaction class 1 | reaction class 0 |
| corn | reaction class 0 | reaction class 0 |
| oats | reaction class 1 | reaction class 0 |
| milk | reaction class 1 | reaction class 0 |
| egg | reaction class 0 | reaction class 0 |
| salmon | reaction class 0 | reaction class 0 |
| fish | reaction class 1 | reaction class 0 |
| | reaction class 1 | reaction class 0 |

The relevance of the test results must be interpreted in accordance with clinical symptoms, anamnesis and intensity of the reaction (reaction classes 1-5). The extend to the reaction must not necessarily correlate with the intensity of the clinical symptoms.

Corticosteroids can influence the test results.

Interpretation of this allergy test:

According to the outcome of the sensitest the diet should be changed (feed just substances with no reaction in the test and

Report No.: 1412-S-53671

which have not been fed previously).

We prepared for the veterinary clinic a table (dog, cat) of hypoallergenic foods: it shows which of the allergens we test are contained in those foods. This document can be ordered by the Veterinarian either via email: info@laboklin.de or phone: +49 (0) 971 - 72020

Referring vet: Maren Hogna
